## CONVEYOR TOASTERS

This very popular range just keeps getting better and better and now consists of 5 models to suit all possible requirements. Our conveyor toasters are extremely easy to use, keep clean and with their attractive design and operation from a single 13amp supply they are ideal for front of house use. These products not only produce toast, but can handle various breaded products too and the various throughputs offered across the 5 models means there is an option to cater for the smallest establishment up to the largest needs of hotel buffets and motorway service stations. Efficient, reliable and built to withstand the rigours of daily continual service and as you have come to expect from Maestrowave products, excellent value for money.

### MEMT18011

This unique model is not only the smallest in the range, but also the smallest available in the UK! Perfect for operators needing an affordable, entry level product whilst not sacrificing workspace. All models in the range are made in Italy to the highest standards!

<b>LOADING:</b>	0.8KW
<b>OUTPUT:</b>	UP TO 100 SLICES PER HOUR
<b>FEATURES:</b>	FRONT OR REAR OUTPUT, 140MM WIDE BELT FOR SINGLE SLICES SPEED CONTROL, BUN/TOAST SELECTOR, COOL TO TOUCH STAINLESS STEEL
<b>DIMENSIONS:</b>	220 W 410 D 370 H

### MEMT18021

Boasting one of the smallest footprints on the UK market yet with a high volume output of up to 300 slices of bread per hour, this front output toaster is an ideal choice where space is an issue.

<b>LOADING:</b>	2.1KW
<b>OUTPUT:</b>	UP TO 300 SLICES PER HOUR
<b>FEATURES:</b>	FRONT OUTPUT, SPEED CONTROL, INDEPENDENT TOP & BOTTOM TEMPERATURE CONTROL
<b>DIMENSIONS:</b>	350 W 410 D 390 H

### MEMT18029

The newest addition to the range, this model uses a higher kW rating for a bigger output – whilst maintaining a compact footprint.

<b>LOADING:</b>	2.8KW
<b>OUTPUT:</b>	UP TO 400 SLICES PER HOUR
<b>FEATURES:</b>	FRONT OUTPUT, BUN/TOAST SELECTOR
<b>DIMENSIONS:</b>	350 W 410 D 390 H

### MEMT18031

The big brother of the MEMT18021, this toaster has a larger output of up to 450 slices per hour and is more than capable of coping with these high volumes in a very short space of time.

<b>LOADING:</b>	3KW
<b>OUTPUT:</b>	UP TO 450 SLICES PER HOUR
<b>FEATURES:</b>	FRONT OUTPUT, SPEED CONTROL, INDEPENDENT TOP & BOTTOM TEMPERATURE CONTROL
<b>DIMENSIONS:</b>	470 W 410 D 390 H

### MEMT18061

This is the ultimate in conveyor toasters with an even more impressive output of 475 slices of toast per hour. Featuring the same unique cover as the MEMT18050, this makes it ideal for front or back of house use.

<b>LOADING:</b>	2.8KW
<b>OUTPUT:</b>	UP TO 475 SLICES PER HOUR
<b>FEATURES:</b>	FRONT OR REAR OUTPUT, SPEED CONTROL, INDEPENDENT TOP & BOTTOM TEMPERATURE CONTROL
<b>DIMENSIONS:</b>	460 W 410 D 360 H
